Our Suburb — Our Safety — Our Responsibility

Good day all.

I forgot to do the report for November 2019 so this is going to be a double report of November and December 2019. I am planning to do a report summarizing the year of 2019 and comparing it to other years.

For the month of November 2019 we had fourteen incidents. Most disturbingly there were five armed incidents.

This year's November compared to the same time last year:

Incidents up again for this month, five armed including a hijacking, three muggings and a home robbery. Some incidents were prevented or resulted in arrests made due to community involvement.

For the month of December 2019 there were three incidents, one armed and two attempted home break-ins.

This year's December compared to last year:

A relatively quiet December but the armed incidents with house robberies is a disturbing trend.

Comparison of total incidents during the years we have been keeping track of incidents:

As always, keep safe and vigilant this month. Report suspicious people or activities to Interactive security, ADT or SAPS. Report any incidents to incidents@muckleneukhill.co.za even if you might think it insignificant; report it in any case and we will investigate further.
