Our Suburb — Our Safety — Our Responsibility

Good day all.

I am very sorry, I have made a mistake I used the wrong month's information in the previously sent out report. THIS is the correct one.

For the month of February 2019 we had seven incidents in all. One armed incidents, two manhole covers stolen, one bin stolen, two break-ins with theft and one vehicles stolen.

This year's February compared to the same time last year:

A month with relatively low crime.

Comparison of total incidents during the years we have been keeping track of incidents:

As always, keep safe and vigilant this month. Report suspicious people or activities to Interactive security, ADT or SAPS. Report any incidents to incidents@muckleneukhill.co.za even if you might think it insignificant; report it in any case and we will investigate further.

Once again for sorry for any inconvenience cause by me using the wrong info in the previous report.

Regards
Alfie Barnard
Incident Manager MHSI.

05/02/2019	BEREA EAST (360+)	Break-in: with theft	<p>The security guard a block away notices a red VW polo with two black males driving in and out of the property with beams/ poles and other items overfilled in the boot with the boot open. They then returned with the boot door closed. The security guard then called the security companies on the radio system. They apprehended the two males. They were busy dismantling an airconditioning unit. Millennium Security, who are the appointed security company to the property, and the police arrived more than half an hour after they were called. Case made</p> <p>The perpetrators informed me that they got the lead from an informal recycler that the house was not occupied and an aircon unit is still available at the property.
