*Our Suburb — Our Safety — Our Responsibility*

Good day all.

For the month of April 2019 we had seven incidents in all. Two break-ins with theft, two incidents of stolen vehicles where the vehicles were recovered, one incident where a vehicle was stolen and one incident of a suspicious person.

This year's April compared to the same time last year:

Another month with relatively low crime. It is very important to note that three incident resulted in stolen property being recovered. Two vehicles being recovered by security services and one bicycle where security services saw the incident happening and intervened. Special thanks go out to both ADT and Interactive security who were involved in these actions.
