Good day

For January 2022 we had **9 incidents reported**. We had 7 break-ins/robberies.

Based on past history it seems that this January is **below** our 8 year average of 11 based on data since 2015.

## January 2022 stats

We had a few break-ins in January with 2 reported in the small street of Ridge and another one a block away from Ridge. All in close proximity.

Seems to be an slight increase in the West of Muckleneuk.

Looking at previous months of January:

|        |    |
|--------|----|
| Jan-15 | 14 |
| Jan-16 | 12 |
| Jan-17 | 8  |
| Jan-18 | 6  |
| Jan-19 | 20 |
| Jan-20 | 18 |
| Jan-21 | 16 |
| Jan-22 | 9  |

January's 8 year Avg overall is 12 vs the 8 year average of 11 per month. So January seems to be an active month but at least lower this year.

## **Comparison of total incidents during the years**

Comparison of total incidents during the years we have been keeping track of incidents:

*Note: We removed 2015 and 2016 to have enough space to show the diagram below. They are available on the web site*

## Camera Project

There has been no new announcement since September wrt to the progress of the Camera project.

**Please attend the AGM on 5 April 2022**

## Other Projects or News

Some people in the community has started some exploratory discussions of closure with Street Safe. **No updates on this**

## Data analysis

There is an ongoing effort to look at the data and try and map it on maps to see if we can see any important patterns.

## Final Note

As always, keep safe and vigilant this month. Report suspicious people or activities to Interactive security, **ADT, or SAPS. Please report all incidents to incidents@muckleneukhill.co.za** even if you might think it insignificant; report it in any case and we will investigate further.

All incident reports are also available on the MHSI web site:
