*Our Suburb — Our Safety — Our Responsibility*

Good day

For March 2022 we had **9 incidents reported**. We had 6 break-ins/robberies and **1 armed robbery**

Based on past history it seems that this March is **below** our 8 year average of 11 based on data since 2015.

## March 2022 stats

There was also an **armed robbery** but luckily no one was hurt!

We had another break-in in March in the small street of Ridge. Police mentioned there was another break-in on the corner, taking the total to 5 in just 3 months. Seems they are targeting this small street similar to the Berea break-ins. Be on the lookout!

Looking at previous months of March:

Mar-15	9
Mar-16	12
Mar-17	28
Mar-18	10
Mar-19	3
Mar-20	11
Mar-21	14
Mar-22	9

March's 8 year Avg overall is 12 vs the 8 year average of 11 per month. So March seems to be an active month but at least lower this year.
